- F. (1) 3/4"F NPT x 3/4"F NPT Brass Union
- G. (3) 1/2"C x 1/2"M NPT Copper Adapter
- H. (3) 3/4"C x 3/4"M NPT Copper Adapter
- I. (1) 1/2"F NPT x 1/4"F NPT Brass Reducer
- J. (1) 1/4" Brass Close Nipple
- K. (1) Teflon Tape Roll

### Installation:

This package contains the appropriate fittings and valves to ensure a professional plumbing installation. As each steam generator installation and corresponding plumbing runs is unique, common 1/2" (steam and water), 1/4" (drain), and 3/4" (pop safety) copper tubing and fittings can be purchased from a local hardware source to complete your installation. This package provides the essential, copper and brass components necessary for a serviceable and fully removable steam generator installation.

Verify package contents (above) with **Image A**. Locate appropriate fittings in installation **Image B**. Install as detailed using provided Teflon tape on all threaded fittings. While installing fitting package, attempt to locate unions near generator for easy access.

Note: Please refer to the steam generator manufacturer's installation and operation manual for specific and complete generator installation instructions.
